

## Intraceutical Infusions

When not satisfied with nature's gifts, you can always take recourse to technology. Modern developments in cosmetology are capable of nothing less than magic. Our expert lets you in on facials involving [Intraceuticals](#) Infusions, the latest in skincare.

Adored by plastic surgeons, dermatologists, and celebrities worldwide, [Intraceuticals](#) Rejuvenation Oxygen Infusions (IROI), are a luxurious marriage of state-of-the-art oxygen technology and restorative relaxation. This skincare treatment infuses moisture, vitamins and antioxidants into the skin via cooling, calming topical hyperbaric oxygen. Result? Re-hydrated, plumped up and tightened skin, increased firmness and less wrinkles – in less than an hour!...

This application method delivers a skin-specific mixture of hydrators, essential vitamins, botanicals, antioxidants and amino peptides...

These results improve with repeated applications (a series of six treatments is usually recommended) and are reactivated in-between treatments with Intraceuticals support products...Treatment benefits include:

- \* An increase in skin texture, tone, radiance and glow
- \* Localised non-surgical treatment to reduce the appearance of fine lines
- \* Increases firmness giving the skin a visible lift
- \* Deeply hydrates, builds skin integrity, increases radiance
- \* Comforts dry, sensitive or stressed skin
- \* Stimulates collagen and elastin production and acts as an antioxidant..
