

## Hotel Saint-Barth Isle de France awarded prestigious five-star status

The distinction is a result of the hotel's continued commitment to excellence in service and hospitality. The announcement was made by Conseil Territorial de Saint-Barthélemy.

Its onsite spa, the Isle De France Spa, comprises four treatment rooms and a Spa Pavilion located in the heart of the resort's lush gardens. A recent collaboration with two of the world's leading skincare brands, Natura Bissé and [IntraCeuticals](#), makes it the perfect place to relax, unwind and forget the stresses and strains of everyday life.

The resort's signature restaurant, La Case de l'Isle, remains one of the most popular on island. Overlooking the ocean with an al fresco setting, the menu offers simple, light and elegant French cuisine including fusion food, salads and grilled fish.
